PikPok – QA Tester

PikPok is a globally focussed, leading digital publisher of fun and addictive games across smart phone, tablet, and desktop. With a portfolio of original, licensed, and third party developed properties, PikPok delivers games that appeal to a broad range of consumers with addictive game play, high-quality art, and immersive audio design.

We're looking for a proactive individual who enjoys working as part of a team to join our Quality Assurance Department. As a QA Tester you would be responsible for identifying, reporting & verifying defects (bugs) during product development.

Position Details

Entry Level. Immediate Start. Temporary Contract. Monday - Friday 9am - 6pm.

Key Tasks

- Find & reproduce crashes, gameplay, graphical or technical bugs that would negatively affect the end user experience
- Bug verification - ensuring that bugs fixed by the production team have been addressed correctly & don't cause any adverse affects
- Work through test plans to ensure a systematic & comprehensive test pass is achieved as well as "Adhoc" testing to further simulate the actions of the end user
- Write concise & accurate bug reports
- Work within a reactionary environment, shifting focus & priority regularly to meet the needs of the production team & product
- Work closely with the production team to maintain an effective & efficient QA/development cycle

Job Requirements

- Keen player of video games & game apps across multiple genres & platforms
- Strong communication skills, verbal & written
- Team orientated & motivated, enjoys a strong team dynamic

- Hard working & shows initiative
- Willingness to learn & develop new skills
- Computer literate, Windows, MS office etc.…
- Must hold a High School Diploma or equivalent
- Must be over 18
